Skip the line at the health department clinics by registering advance at vaccineappointments.virginia.gov!
Walk-ins are welcome.

If you are looking for a clinic in another area, please visit vaccines.gov and use your zip code to find appointments at local pharmacies and healthcare providers. Visit vaccinate.augustahealth.com to make an appointment at Augusta Health. These appointments are available to those ages 12+ who live, work, or go to school in the Central Shenandoah Health District.

If you are having problem making an online appointment, please call your local health department. Please help us reserve the phone lines for those with limited internet access and/or low computer literacy.

Community COVID-19 Vaccine Calendar

We added a new section to our website that includes the vaccine events happening throughout our health district. These include events hosted by the Central Shenandoah Health District and other vaccine partners. The clinics are separated by region and are subject to changes.

[Click here to view the calendar!](#)

Become a Community Ambassador!

VDH's Community Ambassador program is an important part of our vaccine outreach efforts! We need your help to keep it going strong. As an Ambassador, you'll help share COVID-19 updates and materials from top experts and sources. We need people like you who can spare a few minutes each week to help keep Virginians safe.

COVID-19 Vaccine Mobile Clinics

We are still planning mobile clinics! CSHD will be offering mobile COVID-19 vaccine clinics in the community in an effort to increase access to COVID-19 vaccines. To succeed in these efforts, we need your help! **If your organization is interested in a COVID-19 vaccine clinic for your community, then we are asking that you complete this request form.** You can also go to <https://redcap.link/32fiylbj>. Our mobile clinics can be walk-up with no registration needed and can be flexible in date and time of clinics. Our clinics can serve anywhere from 20-200 people. This service is free and available to all community members.

For some inspiration, a mobile clinic could be held at:

- a local festival, event, block party, farmers market, etc.
- a church, community center, business
- a food pantry, homeless shelters
- a park or public space

If interested, please complete the form and I will reach back out to you within 3-4 business days. **Please share with other community members that may be interested in this service.** A link to this request form will be available on our website at <https://www.vdh.virginia.gov/central-shenandoah/covid-19-vaccine-information/>.

District COVID-19 Activity

Cases have been decreasing in our region (Northwest) for the last 59 days and cases are considered to be decreasing. It is important to take preventative measures like avoiding crowded areas, wearing a mask, and washing your hands if you are not fully vaccinated. You can explore individual locality metrics [here](#). To learn more about the VDH Pandemic Metrics, click [here](#).
